ASVITHA S

asvitha1212@gmail.com 9486517536 https://www.linkedin.com/in/asvitha-s-89ba1825b Asvitha-12

EDUCATION

Bachelor of Engineering, Chennai Institute of Technology 2022 - 2026
Electrical and Electronics Engineering
CGPA – 7.6

INTERNSHIP EXPERIENCE

Bunge India private limited, Tiruchirappalli May 2023 – June 2023
- Gained exposure to industrial electrical distribution, protection systems, and powerhouse operations.
- Understood transformer operations, load management, and safety practices

Industrial Controls and Drives India private limited, Chennai Nov 2023 – Dec 2023
- Worked on meter manufacturing and testing, including calibration and quality validation.
- Learned engineering aspects of electronic meter production and component evaluation.

Suzlon Global Energies Limited, Tirunelveli May 2024 – June 2024
- Studied wind turbine control panels, protection circuits, and SCADA-based monitoring.
- Understood turbine operation, generator modules, braking systems, and safety interlocks.

Shakthi power, Chennai May 2025 – June 2025
- Hands-on exposure to solar panel design, manufacturing, and installation processes

PROJECTS

Student Information Management System
- Built a Java-based console application to add, update, delete, and view student records.
- Used basic OOP concepts, collections, and file handling to store and manage data efficiently.

Personal Portfolio Website
- Designed a responsive personal portfolio website using HTML, CSS, and JavaScript to showcase skills and projects.
- Implemented a clean layout and basic interactivity to improve user experience across devices.

Fire Alert: Intelligent Fire Detection and Warning System
- Developed an IoT-based fire detection system using temperature, flame, and smoke sensors.
- Integrated microcontrollers with cloud platforms for real-time alerts and instant notifications

High-Tech Door Locking Solution
- Designed an Arduino-based autonomous locking system supporting secure door operations.
- Implemented basic authentication and real-time status monitoring.

TECHNICAL SKILLS

Programming Languages
Java, Python, HTML, CSS, JavaScript

Microprocessor and Controllers
Arduino

Database Management
SQL

Other Tools
Arduino IDE, MAT lab, Microsoft Office (PowerPoint, Word, Excel)

Software Development Tools
GitHub, Visual Studio Code

Soft Skills
Strong Communication, Problem solving, Leadership, Quick Learner

Programming Concepts
OOPs, DSA

CERTIFICATES

- Cisco - Introduction to Cybersecurity, Cybersecurity Essentials (2023).
- Coursera - Solar Energy Basics, IoT Devices & Communications, Electric Power Systems, Attention Mechanism, Google Cloud, Attention Mechanism.
- UiPath - Automation Explorer Skill-A-Thon, ICT Academy.
- Skill rack Java and C.

ACHIEVEMENTS

- Secured 4th rank in Hack Fusion conducted by NIT Jamshedpur.
- Participated in TCS CodeVita, Flipkart Grid 5.0, ServiceNow Women.

CODING PROFICIENCY

- Skill Rack – Skill Rack - Solved 600+ problems, 489 tutorials and 139 tests on Skill Rack coding platform.

VOLUNTEERING

- Event Organiser – Technical Symposium (Impulse)
